The proceeds from the T-Shirt Sale will benefit the Family Team. We believe that families play an integral role in the learning experience of the children, and at the same time, help ensure the welfare of all children in the school. The Grand Rapids Child Discovery Center Family Team System provides the organizing structure for parent and guardian involvement at the school.

Mission: The Mission of the Grand Rapids Child Discovery Center is to **continuously expand** the potential of **children**, the experiences of **educators** and the involvement of **parents** within the **diverse community** of Grand Rapids, Michigan.

Purpose: The purpose of the Family Team is to support the theory of the Reggio Emilia approach to education which includes the rights of Family to be actively involved in the daily life of the school; to realize the mission for the Discovery Center; to provide opportunities for family involvement and collaboration with staff; and to join in a partnership with teachers and community to build a quality school.
