## Communication from the Executive Director

Hi Families!

WOW! We announced a BIG change in our instructional delivery model for the opening of school this year as we prepare to open as safely as possible during the continued COVID 19 pandemic. We know that this is a difficult choice for some families to make and we are here to help! We are also completely confident that whatever choice you make, your child will have access to an education experience that will be unmatched in our region. Our focus of "Education based on Relationships" will continue in whatever model you choose!

ALL families must choose between 2 delivery models: Either fully virtual or hybrid.

### **Are you have trouble making the decision? These resources can help:**

- **Memo about the decision process** (this is the Memo that went out to all families Monday, July 20)
- **Frequently Asked Questions** (THIS IS NEW! Read carefully!)
- **Video about the choice** (Ms. Heyne explains the options and the reasoning behind the 2 options)

All families must take the survey. Thank you for those who have done so! So far, we have 124 students choosing the hybrid model and 56 students choosing the fully virtual model.

We need 100% of families to complete the survey as soon as possible. We will begin calling families on Monday if we have not yet heard from you!
